

How to get the most from 'Guardian Angels'

Study guide aids discussion with new family faith-based DVD

Getting young people to talk about contemporary problems and faith-based solutions can be difficult. However, it can be a lot easier when they watch a compelling drama that depicts those issues and shows how the teachings of Jesus can guide them to making good decisions.

Family Theater Productions' latest short film "Guardian Angels" is designed to facilitate this process by helping stimulate discussion and provide an opportunity for teens to connect on some of today's important issues: faith, service and the acceptance of God's love.

The new DVD is one of more than a dozen family faith-based films produced by Family Theater Productions. This collection of dramas links Jesus' life and the Mysteries of the Rosary with stories about teens, their families and pressing social issues.

"Guardian Angels" includes a supporting study guide to help viewers create a conversation around these topics in the context of faith. The drama parallels the Third Glorious Mystery, *The Descent of the Holy Spirit*.

The study guide helps parents create a meaningful and engaging family movie night, teachers to fashion lessons for religious education classes, youth ministers to develop meaningful youth group meetings, and retreat leaders to create important retreats for teens.

Plan a family movie night. Make some popcorn, light a candle and open with prayer. After screening the video, use the study guide to help guide your family's conversation.

"Guardian Angels" is produced in English, dubbed in Spanish, and subtitled in French and Portuguese on one DVD and includes a multi-lingual study guide. It sells for \$12.95, plus shipping and tax. It can be ordered online at www.HCFMstore.org or by calling 800-299-7729.
